

European Travel: July 2023

Rackets Academy intends to travel as a team throughout Europe in July. The first week will be attending a training camp in Barcelona. Following the camp, the group will travel to play Tournaments in either France or Spain in Tennis Europe events. The 3 week plan post-camp will be outlined closer to the time, once all the events are confirmed and we know what rankings are required to gain entrance to each event.

Training Camp 2-9th July 2023

Rackets Academy in partnership with BTT Tennis Academy wants to offer its services to elite level tennis players, regardless of age, who want to improve their level of tennis in an environment of seriousness and professionalism. Likewise, BTT Tennis Academy will continue, as usual, giving great importance to the personal and individual education of the students, instilling the intrinsic positive values of the sport of tennis.
